Welcome to Eye Center of Texas

For your convenience parking at all our locations is free. Food and drinks are not allowed in the office. Some of our patients are very ill; therefore we ask that you **do not bring children** to your appointment. your appointment may last one to two and a half hours.

To avoid a delay in your appointment time please fill out the enclosed forms and bring them with you to your appointment. A map is also enclosed with your appointment clinic, date and time.

Since you are responsible for payment for our physician's services and any testing done during your visit, please call Eye Center of Texas at 713-797-1010 (ask for the insurance department) with your insurance information. Our insurance person must have your social security number, date of birth, the name of the insured person; if insurance is through your spouse's employment, that person's date of birth and social security number. With this information we can verify your insurance prior to your appointment day. If you gave insurance information to Eye Center of Texas when you made your appointment you don't need to call.

If your insurance carrier is an HMO, you must contact your Primary Care Physician (PCP) who is listed on your insurance card and ask for an insurance authorization . If you are not sure about your benefits, call your insurance company (phone number on your ins.card) to find out. We regret that if we do not have your insurance referral from your PCP on your appointment day, we must reschedule your appointment. According to the law (HIPAA) and our office policy, we cannot call your PCP for you.

Please visit our website eyecenteroftexas.com for information on our doctors, clinics & maps, and many other very helpful things. We appreciate your choosing Eye Center of Texas for your medical/surgical eyecare.
